"Notice: If purchaser has agreed via a signed agreement with the Company to terms and conditions applicable to this sale of product and/or services, then that agreement will apply to this sale of product and/or services (the "Agreement"). If there is not an Agreement, then the terms and conditions contained in the catalog of the Company, which is set forth on the Company's website at <https://www.criver.com/products-services/basic-research/catalog/terms-and-conditions>, ("Terms and Conditions") will apply to the sale of products and services by the Company and will constitute a sale agreement between the Company and purchaser irrespective of whether purchaser accepts the Terms and Conditions by a written acknowledgement, implication or acceptance hereunder. The Terms and Conditions will form a part of any order placed by purchaser ("Order"). Any term or condition on any Order or other document submitted by purchaser will be of no force or effect whatsoever. In particular, acceptance by the Company of an Order sent by purchaser will not be deemed an acceptance of any conflicting or additional term or condition. The Company specifically rejects any different or additional terms or conditions proposed by purchaser, unless those terms and conditions are mutually agreed in writing."
